Mr. Gary Purser, President
Southwest General Contractors
811 West 8th Street
Amarillo, TX

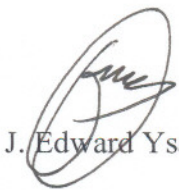

Dear Gary:

I am writing to tell you how pleased we are with the job Southwest General Contractors has done on the construction of our new Panhandle Eye Subspecialists building at 7411 Wallace Boulevard. We are very proud of our new facilities, and we appreciate your timeliness in completing this project and the fact that it was completed under budget.

Your team has been very responsive to our requests for support and assistance as we have moved into the building and begun daily operations, and we appreciate your team's continued personal interest and contact.

We are glad we chose Southwest General Contractors as the contractor for this project and are happy to recommend your company to anyone planning a building project.

Sincerely,

J. Edward Ysasaga, M.D.
