**Re: Letter of Recommendation**  
**Re: Childress County Law Enforcement Center**

To Whom It May Concern:

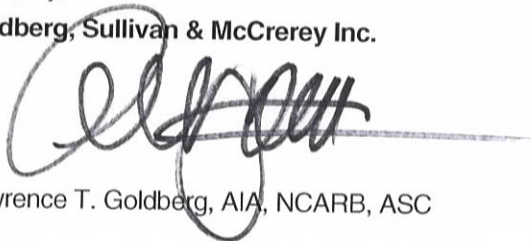

As construction of the Childress County, TX. Law Enforcement Center nears completion, we have been asked to provide a Letter of Recommendation for Southwest General Contractors, the project's Construction Manager.

Our Firm's experience with SWGC has been excellent. From their president, Gary Purser, and Project Manager, Steve Duncan to their Field Superintendent, Johnnie Mays, staff participation and management of this complex project has been meticulous, creative and thorough. Workmanship has been consistently good and change orders have been kept to a minimum, particularly for a project of this type and size.

We respectfully recommend Southwest to perspective Building clients and look forward to working with them again in the future.

Sincerely,

**Goldberg, Sullivan & McCreery Inc.**

Amarillo, Texas 79101

Dear Mr. Purser:

Please accept the gratitude of Childress County for the excellent job Southwest General Contractors has done on the construction of the new Childress County Law Enforcement Center. You and your company have been a pleasure to work with and we are certainly looking forward to the grand opening of this facility, scheduled for January 2, 2009.

The team you assembled for this project is to be commended for a job well done and I am pleased to recommend you for any jobs you might be pursuing in the future. Childress County would be delighted to work with you again should an opportunity arise in the future, and feel free to use me as a reference. The Texas Jail Standards Commission has inspected and approved the project and informed Sheriff Mike Pigg and his staff that this is a well-built facility, and I pass these comments along to you to let you know that the hard work of your construction team was well worth the effort put forth.

Thank you very much and best wishes to Southwest General Contractors in the years to come.

Sincerely,

Jay Mayden  
Childress County Judge

Amarillo, Texas 79101

Dear Gary:

I am writing to let you know that the Childress County Sheriff's Office is extremely pleased with the job Southwest General Contractors has done in building our new Childress County Law Enforcement Center. It is with great pride that we look forward to opening and operating our new facilities.

You and your team have responded without hesitation to any requests we have made during this project, and your daily attention to all facets of construction, including communication with me and my office, has been second to none. I am particularly pleased with the comments made by the Texas Jail Standards Commission during their recent inspection about the excellent quality of this project. I appreciate very much the fact that the members of your team have always put the best interests of the Childress County Sheriff's Office and Childress County's citizens first in all phases of this project.

It is without hesitation or reservation that I recommend Southwest General Contractors to anyone planning a building project.

Sincerely,

Michael Pigg, Sheriff
