Re: Letter of recommendation, Southwest General Contractors

To whom it may concern,

I had the privilege of working with Southwest General Contractors (SWGC) on an \$8,000,000 project to four of our campuses in the summer of 2014. This project was laden by a very demanding time line and restrictive work site that SWGC handled very professionally. SWGC did an excellent job of adding 21 new classrooms, a new cafeteria, the repurposing of the old cafeteria into 6 class rooms, and the expansion of an office.

SWGC positive, upbeat, willing attitude made any challenges an ease to work through. I found their staff to be very organized, extremely skilled and to be able to work with all parties involved. Their commitment to details, high standards and customer satisfaction shows in their work. SWGC was an asset to the overall quality and success of this project.

Please feel free to contact me if you have further questions.

Sincerely:

Weslee Green
