Gary Purser, President
Southwest General Contractors
223 SW 4th Ave
Amarillo, TX 79101

Dear Gary,

I would like to thank you and your staff for building our fifth indoor tennis court addition. The timely completion of the project is a reflection of your staff's efficiency and professional behavior. This was also demonstrated by the impeccable cleanup job.

I was particularly impressed with Wes, Chris and Shay's professional attitudes and responses to issues throughout the project. Their weekly construction meetings were always on time. They did an excellent job keeping me informed of necessary details and scheduling.

Thanks again for building ACC's first class tennis center.

Sincerely,

Dennis Crowell
General Manager
