Chris:

I would like to take this opportunity to thank you and the whole team at Southwest General Contractors for a job well done with our new La Z Boy Home Furnishings & Décor building at 3636 S. Soncy Rd. From the get-go, Gary, Wes, Jerry, you, and all your staff were extremely professional, accommodating, and thorough. From the construction schedule, the weekly worksite meetings with the presence of subcontractors, and the update calls from management, we were always informed of the progress and timing of our building. The finished product was delivered on time and exceeded our expectations. I highly recommend Southwest General Contractors for anyone's commercial construction needs.

Sincerely,

William B. Hawkins
Owner, La Z Boy Home Furnishings & Decor
