Gary Purser, President
Southwest General Contractors
223 SW 4th Ave
Amarillo, TX 79101

Dear Gary,

I am writing this letter to inform you how pleased we are with our new facility and how much of a pleasure it was working with your team on this project. There are two things which we appreciate the most, which are your timeliness in completing the project and your teams' attention to detail, not to mention completing ahead of schedule and under budget. We are extremely proud of our new facility and it is a pleasure to see the change in employee and patient morale that comes with a facility of this caliber.

It was also a great pleasure working with the team of Wes, Shane, and yourself. You must be very proud of the hard work and professionalism that your entire crew portrays. We felt very welcomed and involved in the weekly meetings that took place throughout the construction. We also appreciate the communication and work that has been put in after moving into the building. We have been in the facility for 7 months, and I still have direct communication with Wes and Shane on warranty issues and/or problems that may arise. We feel that customer service initiative puts your company in a league of its own.

We are completely happy with our decision of going with Southwest General Contractors and would recommend your company and its services, to anyone planning a building project. Thank you for the excellent service, craftsmanship, and facility. We will treasure it for many years to come.

Sincerely,

J. Brian Sims, MD
Managing Partner
