Dear Mr. Purser:

Please accept our thanks and congratulations on a job well done on the Wheeler County Law Enforcement Center. The team effort of Southwest General Contractors was an organized and successful partnership of all involved and it was a pleasure for Wheeler County to work with your company during the construction of our facility.

During the recent dedication ceremony held on February 7, 2014, members of the community and surrounding counties were invited to tour the facility and the comments received were very positive. We appreciate the well-built, safe and functional facility that you have built for Wheeler County.

The Texas Commission on Jail Standards inspected the facility and, of course, it passed the inspection due to the great job and efforts put forth by Southwest General Contractors.

Again, thanks so much for all of your hard work and we wish your Company the best in your future endeavors.

Sincerely,
