September 22, 2011

Mr. Gary Purser, President
Southwest General Contractors
811 W. 8th Street
Amarillo, Texas 79101

Dear Mr. Purser,

Congratulations for a job well done. The team effort of Southwest General Contractors proved to be an organized and successful partnership of all involved and was a pleasure for Carson County to work with during the construction of the Carson County Law Enforcement Center.

During the recent grand opening held on September 9, 2011, members of the community and surrounding counties were invited to tour the facilities. We were very proud to show the attendees what a well-built facility that you had constructed for us. The comments that we received were positive and your efforts to construct a safe and functional facility for Carson County's law enforcement personnel were appreciated.

The Texas Jail Standards Commission has inspected the facility and it passed with flying colors which is attributed to the tremendous job and efforts put forth by Southwest General Contractors. We would be pleased to recommend you for any jobs you might have in the future and welcome the chance at working with you again should the opportunity arise.

Thank you very much for all of your hard work and we wish you the best in your company's future endeavors.

Sincerely,

A handwritten signature in cursive script that reads "Lewis Powers".
