Mr. Gary Purser  
Southwest General Contractors  
811 West 8<sup>th</sup>  
Amarillo, Texas 79101

Dear Gary,

I am very pleased with the association I have had with your company over the past several years. The Architect and Contractor relationship we have had during the Lefors ISD and Grandview Hopkins ISD projects have made for a most enjoyable experience. While every project has problems and unknowns that surface, Steve Duncan, Chris Moncivais and Mike Ledbetter have been very open and honest in their approach to make things work and at the same time keep the client's best interest in mind. The Grandview Hopkins project was under a time constraint and Chris and Mike did a great job of meeting deadlines, while at the same time taking care of the unforeseen issues that always crop up. Sometimes in the construction world it is hard to see or define the phrase "team work", but you and your people have done an excellent job of making the "team work".

As a school board member, I would like to thank you and your personnel for the way you have handled working around and amidst Kids. It is a difficult job to keep a construction project moving as it should, but even more so when you are working around kids, because of the extra precautions that must be taken. Thank you.

Sincerely,

Lynn Ramsey
