Dear Chris;

RE: MXP Pharmacy 416 S Tyler St Amarillo, TX 79101

On behalf of Maxor National Pharmacy Services, I would like to thank Southwest General Contractors (SWGC) for the excellent general contracting work on MXP Pharmacy.

Permit me to take this opportunity to tell you how professional and capable I believe your firm to be. It has been a pleasure to work with you and your staff on the MXP projects. I can always be assured that you are not out for change orders, just to increase your profit picture. You rarely suggest change orders unless absolutely necessary that improved flow and safety.

Your staff's onsite work in trying to save money and come up with ideas to include cost saving tradeoffs when a field condition has blindsided every one, is most appreciated. The level to detail paid by the staff with interpretation of the architect's drawings was very impressive as well.

One particular characteristic that stood out was the way that your staff, led by Daniel Chavez, left the job site clean and free of safety hazards at the end of every day.

I can honestly say that it is a pleasure to work with your firm; one that I hope continues into the future.

If you or any of your other clients have any questions of me, do not hesitate to call.

Best Regards;

Steve Smith
