Keeping families close™

"Serving families since 1983"

May 19, 2022

Wes Purser  
Southwest General Contractors  
223 SW 4<sup>th</sup> Avenue  
Amarillo, TX 79101

Dear Wes,

It has been a little over one year since we moved our families back into the newly rebuilt Ronald McDonald House here in Amarillo and I wanted to reach out with our heartfelt appreciation. You, Chris, Ryan, the team at SWGC and all of the subcontractors have turned our dreams into reality! We are all so proud of our new House and more importantly, our families have found care, comfort and support thanks to your craftsmanship and dedication to our project.

From our first meeting with the subcontractors through the final days of our first year of living and working here, your partnership has been invaluable. Your ability to turn our creative design and tight budget into a lovely, safe, modern, comfortable "home away from home" was such a blessing. Your honesty, integrity, and attention to detail throughout the whole process will be remembered by our staff, board, and volunteers.

Thank you for guiding our building committee through this once in a lifetime opportunity! It is nothing short of a miracle that your team began construction in January 2020 and never missed a beat while the Covid pandemic shut down so much of the world around us. It made our hearts so happy to come by the construction site and see your team working so safely and carefully.

Thank you for choosing Chris and Ryan to partner with us on our journey. They are both very knowledgeable, patient, kind, and responsive. They answered so many of our questions and truly listened when we explained the needs of our families. I feel like your team went above and beyond on a regular basis!

It is my pleasure to recommend Southwest General Contractors to anyone looking for a top-notch experience! Please feel free to share my contact information and let folks know that we would love to give them a tour of our beautiful new Ronald McDonald House.

Gratefully,

Shelley Cunningham
