Wes:

I wanted to take this opportunity to thank you and the entire SWGC team for your partnership on the Pampa & Dumas Texas Wendy's new builds. Our franchisee is new to the Wendy's system, and SWGC's performance has helped make them successful and want to continue to grow with Wendy's. Your entire team, including sub-contractors, has been a pleasure to work with. Everyone has a can-do attitude and puts the client's interest first.

SWGC truly understand the importance of meeting the fast-paced schedule of a retail client, without compromising quality. There are many Wendy's vendors that had to be coordinated that are outside of a GC's typical scope of work. Your team seamlessly handled that task and made my job much easier. Key was the timely/accurate communication both with myself and our vendors.

I look forward to continuing working with SWGC on the next 3 projects and beyond.

If there is anything, I can ever do for you, please let me know; and feel free to use me as a reference.
